- If **you** can't drive that far, walk along the hard shoulder to the nearest emergency phone. There's one every mile along the motorway, and there are marker posts every 100 metres pointing in the direction of the nearest one.
- Never cross the carriageway to get to a closer phone.
- Lift the receiver and it connects automatically. It's free to use, and the control centre will know exactly where **you** are.
- Tell them **your** registration number, and details of **your** insurance.
- While you're waiting for **us** to get to **you**, make sure all passengers leave the **vehicle** by the doors furthest from the road, and stand well back from the traffic.
